

# EL600 - Clear Insulating Varnish

| Product                  | Color | System Code | Pack Size | Price    |
|--------------------------|-------|-------------|-----------|----------|
| Clear Insulating Varnish | Clear | EL600       | 15.25 Oz. | Rs 850/- |

## USES:-

Motor windings, switchboards, commutator ends, field coils, transformers, armatures, stator windings, rings and frames, sealing electrical electronic components, and bus bars.

## Description:

Sprayon® EL600 Clear Insulating Varnish Aerosol is a fast-drying, clear insulating enamel, characterized by outstanding oil and chemical abrasion resistance. This enamel provides a smooth, glossy surface which sheds dirt readily. This varnish has excellent flexibility and water resistance. Meets NEMA & UL Class F Requirements.

# EL601 - Red Insulating Varnish

| Product                | Color | System Code | Pack Size | Price    |
|------------------------|-------|-------------|-----------|----------|
| Red Insulating Varnish | Red   | EL601       | 15.25 Oz. | Rs 850/- |

**USES:-**

Small field and magnet coils, motor windings, field coils, transformers, armatures, commutator ends, stator windings, ring and frames, bus bars, sealing electrical, switchboard parts and electronic components.

## **Description:**

Sprayon® EL601 Red Insulating Varnish Aerosol is an insulating spray for general coating, impregnating and insulating electrical and electronic work. Excellent adhesion, flexibility, and water resistance. Protects surface against oils, moisture, acid and alkalis. Meets NEMA & UL Class F Requirements.

# EL609 - Green Insulating Varnish

| Product                                                                                                                                                            | Color | System Code | Pack Size | Price    |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------|-------------|-----------|----------|
| Green Insulating Varnish                                                                                                                                           | Green | EL609       | 15.25 Oz. | Rs 850/- |
| <b><u>USES:-</u></b><br>Motors, conduit, pipe lines, ducts, sheet steel, safety equipment, tools, wood, steel bars, electrical equipment, touch-up, and machinery. |       |             |           |          |

## **Description:**

Sprayon® EL609 Green Insulating Varnish Aerosol creates an extra hard, tough surface that is oil-resistant and waterproof. Additional features of this formula are that it is high arc resistance and non tracking. It is a superior spray insulation for motor windings and electric components. Meets NEMA & UL Class F Requirements.

# EL2000 - Clear Electrical Lacquer Sealer

| Product                         | Color | System Code | Pack Size | Price    |
|---------------------------------|-------|-------------|-----------|----------|
| Clear Electrical Lacquer Sealer | Clear | EL2000      | 11 Oz.    | Rs 850/- |

**USES:-**  
Wiring Installations, printed circuit boards, batteries, chrome and bright work, metal, wood, leather surfaces, paper documents, ignition sealer.

## **Description:**

Sprayon® EL2000 Clear Electrical Lacquer Sealer Aerosol seals electrical and electronic parts. Weather/water proofs in one application. Protects against rust, corrosion, tarnish. Resists fungus, chemicals, dirt, grease. Dries to a crystal clear, flexible film. Has exceptional resistance to vegetable oils, mineral oils, greases, chemical fumes. Meets MIL-TT-L-50G.

# WL738 - Stainless Steel Coating

| Product                 | Color           | System Code | Pack Size | Price     |
|-------------------------|-----------------|-------------|-----------|-----------|
| Stainless Steel Coating | Stainless Steel | WL738       | 12 Oz.    | Rs 1300/- |

## USES:-

Exhaust and steam pipes, mufflers, radiators, production equipment, engines, furnaces, plumbing fixtures and chemical processing equipment.

## Description:

Sprayon® WL738 Stainless Steel Coating Aerosol is formulated with 100% type 316L stainless steel pigment for maximum corrosion resistance on stainless steel, copper and other metals. Dries quickly to a satin sheen, hardens overnight and cures to optimum strength in several days. Withstands temperatures up to 400°F.

# WL739 - SILVER GALVANIZING COMPOUND

| Product                     | Color  | System Code | Pack Size | Price     |
|-----------------------------|--------|-------------|-----------|-----------|
| Silver Galvanizing Compound | Silver | WL739       | 14 Oz.    | Rs 1300/- |

**USES:-**

Refineries, wrought iron, welds, power plants, fences, farm equipment, gutters, bridges, marine, nuclear facilities, highway maintenance, structural steel, transmission towers, damaged galvanized surfaces.

## **Description:**

Sprayon® WL739 Silver Galvanizing Compound Aerosol is a sacrificial coating that inhibits rust and corrosion to ferrous metals. An excellent fast drying touch-up for repair of galvanized substrates. This metallic coating has the bright finish of hot-dip galvanized coating.

# WL740 - ZINC RICH GALVANIZING COMPOUND

| Product                        | Color | System Code | Pack Size | Price     |
|--------------------------------|-------|-------------|-----------|-----------|
| Zinc Rich Galvanizing Compound | Grey  | WL740       | 14 Oz.    | Rs 1300/- |

**USES:-**

Automotive, marine, nuclear facilities, power plants and refineries. Industrial tanks, piping, welded joints, bridges, farm equipment, fences, wrought iron, gutters, structural steel, transmission towers Automotive, marine, nuclear facilities, power plants and refineries. Industrial tanks, piping, welded joints, bridges, farm equipment, fences, wrought iron, gutters, structural steel, transmission towers .

## **Description:**

Sprayon® WL740 Zinc-Rich Galvanizing Compound Aerosol is a high performance primer containing pure zinc dust pigment blended with epoxy resin. Stops rust on steel or galvanized coatings. The self-sacrificing zinc protects the base metal, preserving strength & prevents rust creepage when the area is penetrated or scratched (equal to or better than hot dipped galvanizing). Meets Mil-P-26915D.

# CD885 - Stainless Steel Cleaner

| Product                 | Color | System Code | Pack Size | Price    |
|-------------------------|-------|-------------|-----------|----------|
| Stainless Steel Cleaner | White | CD885       | 17 Oz.    | Rs 800/- |

## USES:-

Restaurant and food processing equipment, hospital, dental and medical equipment, elevators, counters and displays, laundry equipment, drinking fountains, autos, trucks and trailers.

## Description:

Sprayon® CD885 Stainless Steel Cleaner Aerosol cleans, polishes, brightens and protects stainless steel and other metal surfaces, such as chrome and aluminum. It can also be used on porcelain, ceramic tile and laminated surfaces. Water spots, spills, food soils and oil based stains are easily removed. Polishes to a non-greasy film. Invisible coating resists further soiling, fingerprints, watermarks and rusting.

# CD889 - High-Performance Cleaning Wax

| Product                                                                                           | Color | System Code | Pack Size | Price    |
|---------------------------------------------------------------------------------------------------|-------|-------------|-----------|----------|
| High Performance Cleaning Wax                                                                     | White | CD889       | 15.25 Oz. | Rs 600/- |
| <b><u>USES:-</u></b><br>Paint finishes, bare metal, chrome, stainless steel, fibreglass and more. |       |             |           |          |

## **Description:**

Sprayon® CD889 High-Performance Cleaning Wax Aerosol lifts debris from any non-porous surface by utilizing an array of cleaning lubricants. After debris and dirt are removed, the surface is left with a highly polished coat of Carnauba wax that repels oxidation and other contaminants. Saves time while minimizing the use of water and other resources.

# LU100 - White Lithium Grease

| Product                                                                   | Color | System Code | Pack Size | Price    |
|---------------------------------------------------------------------------|-------|-------------|-----------|----------|
| White Lithium Grease                                                      | White | LU100       | 11 Oz.    | Rs 800/- |
| <b><u>USES:-</u></b><br>Chains, gears, drives, hinges, garage door guides |       |             |           |          |

## **Description:**

Sprayon® LU100 White Lithium Grease Aerosol is a high solids white grease that provides excellent lubrication for metal-to-metal applications and serves as an excellent corrosion inhibitor for unpainted metal.

# LU200 - Dry Film Moly Lubricant

| Product                 | Color | System Code | Pack Size | Price    |
|-------------------------|-------|-------------|-----------|----------|
| Dry Film Moly Lubricant | Black | LU200       | 11 Oz.    | Rs 800/- |

**USES:-**

Assembly & run-in lubrication, gaskets, machine tool sliding surfaces & gears, tumbler locks, intricate mechanisms, chutes & bins, bearings, chain drives, intricate mechanisms, and more.

## **Description:**

Sprayon® LU200 Dry Film Moly Lubricant Aerosol is a high solids, molybdenum disulfide coating that withstands high pressures. This non-conductive lubricant bonds to all clean surfaces that are not adversely affected by alcohol or aromatic hydrocarbons (toluene or xylene) resulting in a high performance dry film lubricant.

# LU201 - Open Gear & Wire Rope

| Product                                                                                                                                       | Color | System Code | Pack Size | Price    |
|-----------------------------------------------------------------------------------------------------------------------------------------------|-------|-------------|-----------|----------|
| Open Gear & Wire Rope                                                                                                                         | Black | LU201       | 12 Oz.    | Rs 950/- |
| <b><u>USES:-</u></b><br>Open or exposed gears, gear boxes, wire rope, winches, cable, metal forming presses, roller chains and machine tools. |       |             |           |          |

## **Description:**

Sprayon® LU201 Open Gear & Wire Rope Lubricant Aerosol is specially formulated to penetrate the pores of metal surfaces to reach the core of wire rope. This unique formulation can be applied while equipment is running and adheres extremely well to surfaces to provide superior high temperatures and extreme pressure resistance.

Sprayon LU201 Open Gear & Wire Rope Lubricant Aerosol 'travels' on metal surfaces to displace water, resulting in excellent rust protection and the black color assists in showing complete

# LU202 - Moly Chain Lubricant

| Product              | Color | System Code | Pack Size | Price    |
|----------------------|-------|-------------|-----------|----------|
| Moly Chain Lubricant | Amber | LU202       | 11 Oz.    | Rs 800/- |

**USES:-**

Chain drives & pins, forklift trucks, link & roller assemblies, tractors, machinery, work stand rollers, conveyors, sprockets, clippers, cutter bars, chain saws, link and roller assemblies.

## **Description:**

Sprayon® LU202 Moly Chain Lubricant Aerosol is a high-viscosity, non-drying oil that clings to moving parts and metal-to-metal applications to provide long-lasting lubrication and reduce friction. The foaming action penetrates close tolerances of chain drive bushings and pins and the moly additive improves its load carrying capacity (will work under extreme pressures).

# LU204 - DRY FILM GRAPHITE LUBRICANT

| Product                     | Color | System Code | Pack Size | Price     |
|-----------------------------|-------|-------------|-----------|-----------|
| Dry Film Graphite Lubricant | Black | LU204       | 10 Oz.    | Rs 1150/- |

**USES:-**

Pre-assembly lubrication of moving parts, gaskets, bearings, locks, springs, hinges, mating surfaces on machines, CRTs, plating nonconductors and curing ovens.

## **Description:**

Sprayon® LU204 Dry Film Graphite Lubricant Aerosol features high lubricity and adheres to most surfaces with minimum surface preparation. The conductive formulation air dries rapidly at room temperature to provide clean, long-wearing lubrication and may be used where lubrication and electrical properties are both required.

# LU620 - Anti-Seize Compound

| Product             | Color | System Code | Pack Size | Price     |
|---------------------|-------|-------------|-----------|-----------|
| Anti-Seize Compound | Grey  | LU620       | 11.25 Oz. | Rs 1150/- |

**USES:-**

Threaded fittings, sprockets & chains, manifold studs & bolts, brake cams & pins, rig drives, casting equipment, winches, conveyors, valve shafts, and more. Note: Not to be used with oxygen systems.

## **Description:**

Sprayon® LU620 Anti-Seize Compound Aerosol is a combination of finely powdered metals that serve to protect against corrosion, seizure, galling, rust carbon fusion and galvanic pitting. This homogenized semi-synthetic lubricating grease will not melt and run out after application.

# LU708 - High-Performance Dry Lubricant

| Product                       | Color | System Code | Pack Size | Price    |
|-------------------------------|-------|-------------|-----------|----------|
| High-Performace Dry Lubricant | White | LU708       | 10 Oz.    | Rs 800/- |

**USES:-**

Metal extrusions, munitions, locks and catches, synthetic fibers, machine parts, cord, twine or rope, leather drawers, hinges, paper, glass, elastomers and some plastics.

## **Description:**

Sprayon® LU708 High-Performance Dry Lubricant Aerosol is a clean, non-oily, non-staining, versatile dry lubricant. Dries quickly to a white film to show coverage. Does not contain silicone or chlorinated solvents. Extremely low static coefficient of friction for when low speeds and light loads are involved.

# LU710 - Waxy Film Protectant

| Product              | Color | System Code | Pack Size | Price    |
|----------------------|-------|-------------|-----------|----------|
| Waxy Film Protectant | Amber | LU710       | 12 Oz.    | Rs 800/- |

## USES:-

Chemical plant valves, industrial machinery/equipment, steel mills, offshore oil rigs, overseas shipments, cable cars, conveyor belts, lugnuts and more.

## Description:

Sprayon® LU710 Waxy Film Protectant Aerosol is a high-solids, waxy film, corrosion preventative compound suitable for a wide range of applications. Its formula provides long term protection of all metal surfaces, including vehicle underbody & enclosed, boxed, seam, joint & other crevice locations susceptible to corrosion. Passes Salt Spray ASTM B-117 1,000 Hours and Humidity Testing ASTM D-1748 @ 120°F.

# LU711 - All-Purpose Lubricant

| Product               | Color | System Code | Pack Size | Price    |
|-----------------------|-------|-------------|-----------|----------|
| All-Purpose Lubricant | Amber | LU711       | 11 Oz.    | Rs 800/- |

**USES:-**  
All metal surfaces, nuts & bolts, operating controls, electrical wiring, ignition systems, circuitry, connectors.

## **Description:**

Sprayon® LU711 All-Purpose Lubricant (The Protector™) Aerosol is an ultra-thin film, transparent blend of high quality petroleum distillates formulated to ensure maximum moisture displacement. Its film resists the collection of abrasive particles on delicate contacts & connectors. This general maintenance penetrant is unmatched in its versatility & quality.

# LU777 - Outdoor Metal Protectant

| Product                  | Color | System Code | Pack Size | Price    |
|--------------------------|-------|-------------|-----------|----------|
| Outdoor Metal Protectant | Amber | LU777       | 11 Oz.    | Rs 850/- |

**USES:-**

Bodies/frames of vehicles and machines, storage tanks and containers, castings, industrial parts and machines, molds, cables, generators, marine engines/parts, electrical equipment, sheet steel, oil field equipment, threads, locks, dies, gears, and more.

## **Description:**

Sprayon® LU777 Outdoor Metal Protectant Aerosol is a waxy corrosion preventative that offers excellent lubrication and long-term outdoor protection. Its tacky film provides an excellent barrier to salt spray and high humidity. Meets MIL-C-16173D- Grade 2.

# MR303 - Food Grade Release Agent

| Product                  | Color | System Code | Pack Size | Price     |
|--------------------------|-------|-------------|-----------|-----------|
| Food Grade Release Agent | -     | MR303       | 12 Oz.    | Rs 1150/- |

**USES:-**

Plastic injection molders, compression molders, candle holders, investment castings, extruders, blow molders, foundries and lost wax process.

## **Description:**

Sprayon® MR303 Food Grade Release Agent Aerosol is an effective mold release for all types of materials, including wax, rubber, T.F.E., ceramics and plastics. This non-staining non-corrosive formula is effective at low and high mold temperatures. Meets FDA regulations when no more than 10 ppm is applied.

# MR311 - Dry Film Release Agent

| Product                | Color | System Code | Pack Size | Price     |
|------------------------|-------|-------------|-----------|-----------|
| Dry Film Release Agent | -     | MR311       | 12 Oz.    | Rs 1400/- |

**USES:-**

Polystyrenes, polypropylenes, nylon, rubber, foams, metals, filament windings, polyurethanes, epoxy potting and encapsulating and phenolic resins.

## **Description:**

Sprayon® MR311 Dry Film Release Agent Aerosol contains fluoropolymer, which provides an extremely thin, dry film that does not transfer to finished parts. Allows multiple releases per application. Compatible with most moldable resins, elastomeric compounds, and delicate urethanes. Will not interfere with post-finishing operations.

# SP322 - Vinyl Removable Coating

| Product                 | Color | System Code | Pack Size | Price     |
|-------------------------|-------|-------------|-----------|-----------|
| Vinyl Removable Coating | Grey  | SP322       | 12 Oz.    | Rs 1000/- |

**USES:-**

Precision tools, stainless steel, anodized aluminum, unpainted metal, paint booths, glass, lenses, castings, baked enamel surfaces, mirrors, chrome dies, and masking.

## **Description:**

Sprayon® SP322 Vinyl Removable Coating Aerosol is specially formulated to protect a variety of nonporous surfaces against abrasion, scratches, moisture, rust, and corrosion - during shipping and in storage. An easy way to keep spray booth clean.

# SP603 - Blue Layout Dye

| Product         | Color     | System Code | Pack Size | Price     |
|-----------------|-----------|-------------|-----------|-----------|
| Blue Layout Dye | Dark Blue | SP603       | 12 Oz.    | Rs 1150/- |

**USES:-**  
Tool and die-making, machining, pattern-making and maintenance mechanicals

## **Description:**

Sprayon® SP603 Blue Layout Dye Aerosol applies a smooth, even coat for all layout work. Dark blue color provides sharp contrast of scribed lines against clean surface. Dries instantly and will not rub off. Fine clean lines can be drawn on this non-glaring, non-flaking coating. Adheres to all metals, aluminum or glass.

# SP607 - BELT DRESSING

| Product       | Color | System Code | Pack Size | Price    |
|---------------|-------|-------------|-----------|----------|
| Belt Dressing | Amber | SP607       | 11 Oz.    | Rs 850/- |

**USES:-**  
Leather, rubber, canvas, fabric; flat, round or V belts, auto fan belts, farm machinery belting; all industrial belt drives including generators and fans.

## **Description:**

Sprayon® SP607 Belt Dressing Aerosol has a proven record of effective performance, even when subjected to wet or outdoor conditions. Will not glaze, collect dirt or dust. This formulation conditions belts while increasing pulling power up to 50%. Reduces squeaky noise, caused by old 'V' belts.
